

YOOtheme is a well-known template and extension provider who helps you to create professional websites. But to make your website or interface design a real eye-catcher we got one thing missing: Icons! Icons are an essential tool to simplify user interfaces. We complete this with our beautiful and handcrafted icon sets for web and print projects. We got commercial icon sets and free stuff. Enjoy browsing through all the icons at [our new icons website](#) !

Icon Club

You are looking for some high quality, royalty free, vector stock icons? Join the YOOtheme icon club! You will get full access to all our commercial icon sets which are currently available. Additionally you will also get access to all upcoming icon releases during the term of your membership. You can use our royalty free stock icons for as many clients or websites you wish.

Club Icon Sets

All icon sets are available in the PNG file format and in 8 different standard sizes, ranging from 16x16 to 512x512 pixels. Each icon is handcrafted and optimized for each specific size. Vector PDF files of all icons are also available. They are compatible with Adobe Illustrator and can be rescaled to any size without a single loss to the details.
